

June 2026

Quarterly Committee Report

Development Committee

Chair: Julia Fernandez

The Development Committee met on April 23rd, 2026. The Committee discussed plans for a Meet & Greet event to introduce Nathan to the community and donors. June 10th was chosen as a date. It was decided that while personal invites would be sent out, this event will also be open to the public. Sara will be working on the event details along with the help and input of the committee. Staff prepared a list of notable library patrons, etc. whom were yet to RSVP. Board members and staff conducted follow up calls and emails to personally ask individuals about attending the event. The contacts made were well received.
