

September 2026

Quarterly Committee Report

Facilities Committee

Chair: Raina Goldbas

**Goal:** The committee should review and consider facility needs and concerns raised by staff.

***Progress: The Facilities Committee met on August 11<sup>th</sup>, 2026 to discuss the VDA evaluation of the existing elevator with architect Phil Sbarra. The committee then met privately and will be seeking input and bids from other local architects as well. Phil did provide a contact for a structural engineer, which was a recommendation from VDA in order to move forward with any plans for refurbishing. Nathan will reach out to the recommended engineer to request a report/evaluation. The committee is also aware of a lighting project that Nathan is working on that would replace all interior lighting with LED as well as the replacement of all exit signs in the building. Next meeting, TBD.***
