1. Install OverDrive Media Console on your Nook

To enjoy audiobooks and eBooks on your Nook Tablet, you must first download an app called OverDrive Media Console.

a. Go to <u>Shop</u> or <u>Apps < Shop Now</u> on your Nook.

b. In the search box, type **OverDrive Media Console**. Your search results should include OverDrive Media Console (OMC). Select <u>Free</u> then <u>Confirm</u>.

2. Browse and check out eBooks through Mid York's digital library

   a. Tapping the OverDrive Media Console icon in your apps library will open the app.

   b. Open your OMC Home menu by swiping from left to right across your screen to access your library list.

   c. If this is your first time using OverDrive, you will need to add a library to your list. Under My Libraries, click on **+ Add a library**.

Tip! Search by zip code and pick a library in the Mid-York Library System. It doesn't matter which library you choose as long as it is in the Mid-York System. Example: New Hartford Public Library and New York Mills share the same digital library catalog.

e. Tap a book's cover or title to view its detail's page. With OverDrive you can either download an **EPUB or OverDrive READ** format eBook.

f. If there is a copy available to borrow immediately, there will be a button that says **Borrow**, if all copies are being used, the button will say **Place a Hold**. Click on **Borrow** to check it out. Sign in with your library card and pin if prompted. Your library card number is a 13-digit number starting with 1. If your library card has an "A" at the beginning, do not include it. Your pin is a four-digit number assigned when you got your library card. If you don't know your pin, try the last four digits of your phone number. If that doesn't work, call your local library for assistance.
